# BASKET

Design: Matthias Demacker

## Colorful beach baskets

Inspired by colorful beach baskets and integrated in a modular system that allows two different height adjustments for the back, Basket lets you arrange your seating just as you like. This intelligently designed sofa and chair provides a great setting for an intimate and cozy time alone or with friends, family or colleagues. Basket is an all-round concept suited to both work and private spaces.

# COSY

Design: Matthias Demacker

## A chair to suit any mood

Cosy is a lounge chair with a special twist: you can either use it as a low lounge chair or modify it into a cosy wing chair with a high backrest by lifting the back to a higher position. It can be used either as a low backrest for a user who is open to communication or as a high backrest with enclosing backrest that gives the user more intimacy – Cosy will suit any mood you're in.

# AIKO

Design: Susanne Grønlund

#### Elegant comfortable lines

The Aiko armchair is designed as an all-round lounge chair for use in the home and in public spaces. The seat was designed to be an all-enveloping shell with elegant yet comfortable lines. The legs are designed with a stylish metal wire construction that helps give an overall impression of lightness.

# TERRA

Design: Elisabeth Ellefsen

#### Down to earth

The Terra modules have a down-to-earth look. The idea behind the design was to create a seating system with superb comfort and flexibility and pillow-like seating. The modules' informal character and flexibility encourages a mix of fabrics, textures and colors.

# TRAY

Design: Matthias Demacker

## Architectural eye-catch

Tray is a side table with a table top that functions as a tray for everyday objects. The table comes in two different heights, so the two trays can be arranged to overlap each other, becoming an architectural eye-catcher in the living space.

## Dimensions / cm:

Table Low: Ø 85 x 29 cm.

Table High: Ø 85 x 33 cm.

# SHELLY

Design: Matthias Demacker

## A cosy protected feeling

Shelly is an upholstered chair for private and corporate use. The upholstered shell of the seat embraces the user and gives you a cosy, protected feeling. Since the seating surface and the shell are upholstered separately, the chair also allows for different fabric colours on each component to make various combinations possible.

# MILO

Design: busk+hertzog

## Sophisticated timeless design

A sophisticated easy-chair with a charismatic design. The timeless design makes it perfect as a free-standing piece of furniture in an existing décor, or you can combine Milos and use them a central part of the décor. There is also a stool that can be added this lounge chair, which is guaranteed to make Milo the household's favourite place to read a good book or listen to music.

# ANGEL

Design: busk + hertzog

#### Iconic forms

With its almost iconic design, Angel is an lounge chair that both rests in itself as a stand-alone unit, but at the same time can be an elegant and natural part of an interior along with other independent designer products or more casual living room furniture. The design is soft and inviting. Two combined elements form the seat and back in a single dynamic movement, and along with the unique swivel foot they create a homogenous design that will add style and personality to any design-conscious user's interior.

# JASPER

Design: busk + hertzog

#### Dynamic and practical

A modern sofa bed in a stylish, contemporary design, ideal for both private homes and public spaces. The backrest design is both dynamic and practical, as it lets you sit in the 'corners' of the sofa, enabling many more relaxing and everyday uses than the average sofa bed. Jasper is easy to convert into a comfortable bed for two adults.

# SAND

Design: esteban+moreno

#### Cutting edge of design

Sand Collection represents the cutting edge of design inspired by nature. It's mainly inspired by the way water transforms stones through the ages and the way sand constantly create new shapes. The Sand Collection applies the art of nature to design, to create unique and functional furniture and a comfortable and peaceful setting for you and those around you.

# TRIBECA

Design: busk+hertzog

#### Asymmetrical refined look

A coffee table with a funky design. The design breaks with the conventional perception of what legs on a coffee table should look like. The under frame is based on a simple construction principle which uses angles and repetition to produce a surprisingly asymmetrical and refined look.

#### Dimensions / cm:

# BOGGIE

Design: busk+hertzog

#### Useful dynamic table

This small satellite table is extremely useful throughout the home. Its shape makes it possible to position it in over the seats of chairs or sofas and use it to hold, for example, a coffee mug, iPad or book. But the table is also ideal as a practical table in the hall or a bedside table in the bedroom. The light design with the stiff, springy legs give the table a dynamic, positive look that fits with most other furniture.

# CORAL

Design: busk + hertzog

#### Unique and charismatic

This pouf was inspired by one of nature's most delicate and beautiful organisms. With its two-tone look and diagonal lining on the seat, this is a unique and charismatic design based on a classic multifunctional piece of furniture. With the right colours and combination of materials, Coral can be the perfect supplement to your interior.
