To keep your workplace neat, a metal-framed screen system can be easily fixed to the desk. It has special hanging trays for stationery, mobile telephones, documents, and notes.

To keep your files in order, we have a special filing cabinet to be placed next to the desk. This cabinet can be used by one or two colleagues working next to each other if the position of the dividing vertical panel inside the cabinet is changed.

Siekiant išsaugoti tvarkingą darbo vietą, prie darbo stalo tvirtinama pertvara, metaliniame rėmyje, ant kurios kabinamos specialios lentynėlės raštinės reikmenims, mobiliems telefonams, kasdienio naudojimo dokumentams, užrašams susidėti.

Be to, šalia darbo stalo sukurtos specialios daiktadėžės. Viena daiktadėžė gali naudotis vienas darbuotojas arba - pakeitus pertvarą - iškart du kolegos, dirbantys greta.
